WORK EXPERIENCE

Frontend Developer → Team Lead Jul 2021 – Present · 4.5+ yrs

Chetu India Pvt. Ltd. — Internal Marketing Web Team, Noida

- Built and shipped **200+ PPC landing pages** and marketing UIs using HTML5, CSS3, SCSS, Bootstrap and jQuery, to live campaign deadlines.
- Owned the company website and its subdomain landing sites end to end — build, updates and post-launch fixes.
- Maintained a long-lived **Bootstrap 3** codebase, making layout and responsive changes without breaking existing pages.
- Improved **Core Web Vitals** (PageSpeed Insights) and fixed accessibility issues found via **WAVE** audits — semantic structure, contrast, alt text, asset weight.
- Worked directly with overseas stakeholders on requirements and delivery cycles; promoted to **Team Lead**, supporting and reviewing the team's work.

Frontend Developer Feb 2020 – Jul 2021 · 1.5 yrs

IS Software Solutions Pvt. Ltd.

- Built responsive web pages and **admin panel UIs** using HTML5, CSS3, JavaScript and Bootstrap — mobile-first and cross-device.
- Maintained **WordPress** sites — content updates, template edits and CSS-heavy layout work.
- Joined as an intern and was retained as a full-time employee.
